ORDERS IN COUNCIL

Approved and ordered this 7th day of April,
A.D. 1953

C. WALLACE,
Lieutenant-Governor.

AT THE EXECUTIVE COUNCIL CHAMBER,
VICTORIA.

PRESENT:

The Honourable Mr. BENNETT, in the Chair.

Mr. BONNER.

Mr. GUNDERSON.

Mr. GAGLARDI.

Mr. CHETWYND.

Mrs. ROLSTON.

Mr. MARTIN.

To His Honour the Lieutenant-Governor in Council:

THE undersigned has the honour to report that, under the "Strathcona Park Act," being chapter 49 of the Statutes of British Columbia, 1911, and amendments thereto, a report and recommendation of British Columbia Power Commission (hereinafter referred to as the "Commission") dated the 1st day of April, 1953, has been received recommending that it be authorized to raise the water-level of and to use for storage purposes that part of Buttle Lake lying within the limits of Strathcona Park:

And that the Commission is a licensee, under the "Water Act," on Campbell River, its licences being appurtenant to its undertaking known as "John Hart Development":

And that the Commission is the holder of Conditional Water Licence No. 20714, issued the 4th day of June, 1952 (hereinafter referred to as the "storage licence"), authorizing it to store water in Buttle Lake and to construct, maintain, and operate the works necessary for the proper storage and use of such water, and containing certain conditions with which the Commission is required to comply:

And that a Special Committee was appointed by the Legislature on the 9th day of February, 1953, to inquire into the validity of the proposals of the Commission with respect to the storing of water in Buttle Lake for power purposes and the objections thereto, and to recommend to the Legislature with all convenient speed whether or not, in the public interest, the Commission should be permitted to exercise its rights under the storage licence:

And whereas on the 23rd day of March, 1953, the said Committee reported that it was its considered opinion that in the public interest the Commission should be permitted to exercise its rights under the storage licence, with the additional provisions, hereinafter set out, which the Committee recommended be included in the conditions of the storage licence:

And that it is deemed necessary for the carrying-out of the said undertaking that such authority recommended by the Commission be granted:

And that it is deemed advisable to grant such authority:

And to recommend that, in accordance with the provisions of the "Strathcona Park Act," upon the recommendations contained in the said reports, and for the purpose of carrying out the said undertaking and improving the availability and supply of electrical power on Vancouver Island, the Commission be authorized:—

1. To exercise its rights under the storage licence subject to the following additional provisions recommended by the said Special Committee, which provisions shall be deemed included in the conditions of the storage licence:—

(a) The B.C. Power Commission will be responsible for disposing of blow-downs of timber along the edges of the cleared area for a period of ten years following the clearing as directed by the Forest Service.

(b) The Comptroller of Water Rights will consult with the Forest Service, and vice versa, in all matters affecting each other's interests.

(c) The Forest Service will within five years of construction of the dam designate campsites that the Power Commission will improve at their own cost, as provided in the licence and to the satisfaction of the Forest Service and the Comptroller of Water Rights.

(d) The Power Commission will be responsible for clearing all drift logs and other floating debris from the lake at least once a year by June 30th in each year until all old accumulations are disposed of to the satisfaction of the Comptroller of Water Rights.

(e) The access road to be built by the Commission or its contractors must be adequate to handle the logging-trucks which will be used to remove the merchantable timber from the lake. At completion of construction and logging, the ownership of the road shall revert to the Crown.

(f) The access road, bridges, and culverts must be of an adequate and permanent character and built to Public Works Department standards.

(g) There must be provided at the lake end of the road a public parking space of a size satisfactory to the Forest Service.

(h) There must be provided by the Commission a boat landing space above the dam which must be adequate for launching and pulling out small boats safely. It must be kept clear of logs and driftwood at all times to the satisfaction of the Comptroller.

(i) The cleared area surrounding the dam shall be prepared for landscaping and shall be landscaped and planted after construction and logging as directed by the Forest Service.

(j) The area of construction around and at the dam-site shall be left in a clean and neat condition after construction and logging to the satisfaction of the Forest Service and the Comptroller. All rubbish, debris, abandoned buildings, machinery, and scrap shall be removed from the site to the satisfaction of the Forest Service.

(k) That clause 1 of the Conditions of Licence be amended to read as follows: "Remove all standing trees and shrubs from around Buttle Lake below elevation 755 feet (i.e., extreme high-water level) and grub or cut off stumps as close to the ground as possible in such areas and between such elevations as may be directed by the Comptroller and in accordance with recognized standards."

(l) That clause 11 of the Conditions of Licence be amended by adding thereto the words "after consultation with competent consulting engineers."

And that the Commission be further authorized, in accordance with the provisions of the "Strathcona Park Act":—

2. To raise the water-level and to use for storage purposes that portion of Buttle Lake lying within Strathcona Park to the extent authorized by the storage licence.

3. To flood land abutting on that portion of Buttle Lake lying within Strathcona Park up to elevation 750 feet (as measured from the datum used by the Water Rights Branch of the Department of Lands in connection with Coast Project No. 143 as given in the report of F. W. Knewstubb).

4. To cut and remove, or cause to be cut and removed, any or all of the timber along the margin of Buttle Lake within the limits of Strathcona Park below the elevation of 755 feet as so measured, and to clear, or cause to be cleared, the said lands as required by the storage licence and the said provisions.

5. To sell any or all of the merchantable timber and otherwise to dispose of any or all of the unmerchantable timber along the margin of Buttle Lake within the limits of Strathcona Park below the elevation of 755 feet as so measured.

6. To do all such things as are necessary or advisable for the purpose aforesaid and for the lawful exercise of the Commission's rights as licensee under the licences aforesaid.

And that the conditions of the storage licence, and the said provisions, be adopted as conditions upon which such authority be granted:

And that nothing herein contained shall be deemed to prohibit the Comptroller of Water Rights from amending the storage licence, and the conditions thereof (other than the conditions imposed under paragraph 1 hereof), pursuant to the provisions of the "Water Act" and specifically from amending the storage licence as follows:—

- (1) Clause g: That the works authorized to be constructed which now reads "concrete dam approximately 50 feet high and 410 feet long" to read "concrete or other type of storage dam as approved by the Comptroller at or near the outlet of Buttle Lake."

(5) Clause 8 of the Conditions: The months "June, July and August" to read "July, August and September."

And that this Order in Council shall also be deemed a regulation under the "Strathcona Park Act" and shall be published for four consecutive weeks in The British Columbia Gazette.

And that two certified copies of this Minute, if approved, be forwarded to British Columbia Power Commission, 780 Blanshard Street, Victoria, B.C.

Dated this 2nd day of April, A.D. 1953.
